

HOSTELLERS IMPRESSION

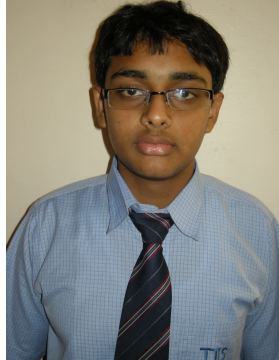

I joined the school in July 2009 in class IXth. My friends in Hostel are very friendly and cooperative. I must not call it as a Hostel actually it is home away from home. I am very comfortable in A.C rooms in students home. The best part, I like the most that after our games 3:10 pm to 4:10 pm, we have teachers who are available from 5:00 pm to 7:30 pm to guide us in our studies. They give special attention individually to improve our Academics. Food in the D H is very tasty.

01.	<p>TJIS Hostel nurtures an atmosphere of delightful learning. It is designed as homes, where we enjoy the enviable student life popularly known as “Hostel Life”. Every aspect of student life is being taken care at this Hostel. I find this Hostel different because it encourages the students to explore their abilities.</p>	 <p>Mast. 02.	<p>Hostel Life is one that a person should experience atleast once during his lifetime. This hostel is one of the best hostels in India. After coming here, we have learnt a lot. We have become independent persons leading our lives on our own, something we hadn't even imagined before we came here. Staying with different people from various states, we have learnt how to adapt & deal with various situations. Difficulties are no longer to be dealt alone here but together..</p>	 <p>Mast. 03.	<p>TJIS Student's Home is the Second Home for us. Students as we spend most of the months of the year in the Hostel. The warden of the Hostel who is our second guardian acts like a parent and takes care of us in & out of the hostel. Here our warden guides in every field. Facilities like AC, 24 Hours Water supply both cold & hot, house keeping & laundry, internet facilities make our stay very comfortable.</p>	 <p>Mast. 04.	<p>According to my view Hostel is a place where one learns how to be independent, how to be bold and how to make friends and how to be friendly and this hostel is a perfect place to learn the above things. The hostel provides all the facilities that a student requires to be comfortable. If one wants to be successful in his life then he should try to experience the Hostel life once.</p>	 <p>Mr. Abhas Agrawal Admn. No. 1067, Class – XII-C Place: Raipur, State: Chattisgarh</p>

We are trained to perform our daily morning exercise as well as other co-curricular activities. We are being given value education and we are bound to perform academically well. Overall I would like to say our hostel life in TJIS is a complete package of fun and education which also makes us well mannered students.</p>	 <p>Mast. 09.	<p>The life we get we have to make it a point to learn, earn and then die. So is the boarding school life is the age of which children can stay away from their homes to learn the meaning of life. In our hostel we do not mean hostel we mean home and the people as our family. Our Hostel warden is the best warden for our hostel in my opinion. The hostel is situated in a green place with a very nice scenery around us. We have A.C. to make our sleep comfortable & 24 hrs. Water supply, food which make us remember our home food made by our parents, sports to keep ourselves fit and healthy and T.V. for our recreation. This hostel life would help us make our lives better.</p>	 <p>Mast. Ashish Gandhi Adm No. 1143 Class VIII-A Place: Jamshedpur. State: Jharkhand</p>

10.	<p>My opinion of my Hostel life that I have got such nice parents and I am very thankful to God that he has given us a very nice parents in our home and he is very nice Hostel Warden and who is very nice experienced in taking care of children in hostel, maintaining rules & regulations of the hostel and keeping children well disciplined and well mannered. I respect him a lot and whatever he wants to do with me he can do because he is the head of our family and when I am in the wrong he can beat me also and if I do not follow rules and instructions given by him he can take any action against me because he is the first and last parent in our home. I like the way he teaches us and when he comes to our room to wake up us in the morning for sports I feel very nice that some one is there to take care of me, my health and to help me become a good man in life. I like him very much and I respect him very much from the first day when he had come to the hostel to live with us and I like his style of talking with us and being a parent of our family I think that in the hostel <u>aapke siva koi mera lagta nahin</u> and you are a very nice parent of my family.</p>	 <p>Mast Gaurav Sharma Admn No. 1018, Class – VIII-A Place: Jamshedpur State: Jharkhand</p>

Students in hostel come from different states West Bengal, Orissa, Jharkand, Bihar, Madhya Pradesh, Maharashtra, Chhattisgarh, etc., All students come to hostel for different purpose. Students stay away from home to learn something, to become a good citizen & and many other reasons. Our parents send us to learn independence. We students turn confident. I am staying at the hostel of The Jain International School Bilaspur. I like all the rules and regulations of the hostel. In morning our getting up time, sports, prayers, then school after that evening classes, then dinner, after that self studies. All this things I am not able to get at home also. Day by day our hostel is becoming good, new rules are made. Teachers are very friendly. Our warden is a very good person. I like all the facilities of the hostel the best thing I like to doing swimming on Sunday. In hostel in our evening classes in a week there is a test of all subject. I like it and for this test many students who are not studying first now they are studying. And my parents is also like the hostel and it is so beautiful like a dream garden. And I want to complete my studies upto Class 12th. In our school which sports is not available. Every sports are there like swimming pool, Cricket, Football, Basketball, Badminton, T.T., Karate, Volley Ball, etc. And for each sport there is each coach. I had come here to learn something, to do something for my parents. In hostel in one room four students can stay. Each student each has a bed & cupboard, and in the hostel friendship is like it is everywhere we are friends for a thousand years. And our hostel warden is also very nice.</p>	 <p>Mast.
